POOR DECEPTION.

There has not been a campaign for years in which the opposition has made the strenuous efforts as in this campaign deliberately to deceive. We could name many incidents and back them up with affidavits in which McPherson's workers circulated in sections supposed to be dry in this and Fulton counties, telling voters that McPherson was dry, and other workers circulating in sections supposed to be wet saying that McPherson was so very wet that he could be depended upon to give licenses. On the other hand Mr. Butt and his workers have gone one straight course, standing on Mr. Butt's promise in his letter to do his duty. The "Star and Sentinel" would cover up all this deception and double dealing of their own with the absolutely false statement that the double dealing is on the other side. In other words they are poor, very poor—you know the word we all use when one does not know how to face the truth.

What do you think of the following for deception? In Fulton county a minister under his signature is representing McPherson as a Democrat and evidently for but one purpose of deceiving Democratic voters to cast their ballot for him. We have no doubt he is being represented in other sections as a Republican to catch votes. Verily, verily, he is being represented as all things to all men for a vote.

To vote Democratic ticket mark a cross (X) opposite party name Democratic in first column, but remember such a mark will not vote for the judges.

HEAT THAT SLAUGHTERS.

The "Star and Sentinel" apologizes to the entire Republican ticket in its issue on Tuesday by saying, "In the heat of the judicial campaign attention is taken from the other candidates." This heat must be something awful for from the day of the primary up until this week the "Star" has been saying nothing editorially judiciously or otherwise and could have filled space for their county ticket. But that was not part of the game, and no wite candidates have been served with notice that they will be ignored on account of the judicial heat. This can have but one meaning, that the whole Republican ticket will be slaughtered for the benefit of D. P. McPherson.

It will take eleven marks to vote a straight Democratic ticket, judges and amendments. A cross opposite Democratic in first column, a mark opposite J. L. Butt, a mark opposite W. Howard Dicks and E. P. Miller, and marks opposite Judges Head, Orady and Williams, and four marks as to the amendments, eleven in all.

Street Paving Ordinance.

The Town Council at a meeting on last Friday evening passed the ordinance providing for the paving of Chambersburg street from Eagle Hotel to the Square and the paving of Baltimore street from the Square to Steinwehr avenue. The ordinance was signed the same evening by the Burgess and in ten days it is a law.

Action had been delayed pending knowledge of the position of the State Highway Department as to the material to be used in the proposed paving.

Mr. Keith reported to council that he had been in communication with Chief Engineer Uhler on the subject and that the official had told him bids would be asked on several varieties of asphalt paving, and that the contract would be awarded to the lowest bidder. This will allow bids to be made on sheet asphalt, warrentite, bitulithic or other asphalt street paving, but brick is barred as the prices are declared by the State to be prohibitive. Mr. Uhler declares the grade on Baltimore Hill was not so steep as to make asphalt undesirable.

Mr. Keith took up with the Department the question of the paving of the center of the streets in question. Mr. Keith stated that council was not willing to advance the money for this with the possible prospect of having to go into litigation to collect it from the Gettysburg Railway Company, and that, if the company would not agree to pay their share, the Council did not feel that it should undertake that burden.

Mr. Uhler stated that the Highway Department preferred to have the whole job completed at one time but that, in view of the circumstances, they would agree to pave just the sides of the streets, providing Council would give their assurance that the center of the street would ultimately be paved in the same manner, either by the borough or the railway company. It is earnestly hoped by all concerned that satisfactory understanding may be arrived at before the work is started so that all may be done at the same time. For Council and Highway Department agree that it will make an unfinished job to have the sides paved and the street car tracks in their present condition.

The Secretary was instructed to send to the State Highway Department a certified copy of the new paving ordinance.

The resignation of Althodore Bushman as a Town Councilman from Third Ward on account of ill health was accepted. It was decided that the vacancy caused by resignation of Mr. Bushman and death of Geo. E. Stock should not be filled before next regular meeting.

Councilmen Gilbert and Hartman were appointed to draw up and present resolutions on the death of Councilman George E. Stock.

The Highway Committee was instructed to have curbs laid at the properties on both sides of Springs avenue at the foot of Seminary Ridge, and on the west side of South Stratton street from East Middle to York street.

It was decided that the borough lay a new cement pavement in front of the Engine House, removing the granite runways for the fire apparatus, except those stones next to the Engine House. The present arrangement is regarded as unsafe to pedestrians.

The secretary was instructed to send a request to the Gettysburg and Harrisburg Railway Company to put surface stone in their tracks on Railroad street so as to make them passable. Similar notice was ordered recently to be sent to the Western Maryland.

Bold Store Robberies.

On Sunday night bold store robberies were committed at the Gettysburg Department Store and the People's Cash Store. The former place was entered by climbing up a rope in rear part of building and prying open a window. A \$35 rifle was taken from the display window on Baltimore street. This rifle and another were found outside the store next day. Among the stock taken were twelve watches, three razors, eight revolvers, knives, flash lights and batteries. All change in the cash registers was taken, supposed to be about \$1000. Every desk was ransacked about \$9 worth obtained and several dollars worth of stamps. A suit case and traveling bag on second floor was taken and \$150 worth of Red Seal records. The total loss aggregated about \$300.

Entrance to the People's Cash Store was obtained by prying open a window along the alley. To prevent it being broken the drawers of the cash register were standing open and from two of them \$5 was taken.

County Detective Wilson is in charge of the investigation but little trace of the burglars have been found. Similar robberies have taken place in neighboring towns and it looks like the work of a gang going over the country.

Best Citizens of State and Nation Will Vote "YES" On Woman Suffrage

SHE DESERVES IT!

AMENDMENT NO. 1 IS SUFFRAGE ONE

**Heads List Of Amendments
Printed At The Bottom
Of The Ballot**

Exact knowledge of the position of the suffrage amendment on the ballot this election and of the way to vote for it are necessary to all those voters who intend to help give the women of Pennsylvania the full political rights to which they are entitled.

It has been officially decided that the constitutional amendments will be at the bottom of the same sheet on which the names of the candidates for the various offices are listed. The suffrage amendment will be the first one.—No 1. All four of the amendments that are to be voted upon will be printed in full, one under the other. On the right hand side of the mass of fine print which gives the legal wording of each amendment will be the words, "Yes" and "No." To the right of each of these words will be a square space in which the voter is to mark a cross to indicate his choice. To vote to give to the women citizens of this State a voice in the government under which they live, the voter must put his cross in the

square beside the word "Yes," to the right of Amendment No. 1, thus:

Amendment No. 1	Yes	X
	No	

The women of the State believe that no man who believes in fair play will pass by Amendment No. 1 without marking his cross in the "Yes" square to the right of it.

The broadening of suffrage means the broadening of democracy, or the other way 'round. As democracy widens and spreads, suffrage grows more common.—Pittsburgh Leader.

THREE LEAD FOR SUPERIOR BENCH

**Orlady, Head and Williams
Strong in Every Section.**

ENDORSED BY BOTH PARTIES

Lawyers Throughout the State Have Urged Their Election and in Addition They Are Being Supported by Press—All Are Exceptionally Qualified for the Position.

Harrisburg, Oct. 26.—Endorsed by the bar associations of nearly every county in the state and generally supported by the newspapers, regardless of party affiliation, it looks as if Hon. George B. Orlady, Hon. John B. Head and J. Henry Williams, Esq., will make a clean sweep for superior court at the election on November 2. There is a growing sentiment for these candidates—a sentiment that grows with each recurring day.

The voters of Pennsylvania at the primaries in September indicated their preference for Orlady, Head and Williams in no uncertain manner. Each was given a plurality that they and their friends are justified in pointing to with pride, demonstrating as it did the genuine feeling of voters of every party.

So large was the lead given each of these candidates that for many weeks following the primaries it was thought that they were elected without the necessity of going before the voters at the November election. The last session of the legislature made provision to elect at the primaries candidates for the judiciary who received such general support as was accorded Judges Orlady and Head and Mr. Williams. But a question was raised by a defeated candidate regarding the method of accurately determining the fifty-one per cent. clause in the act, and the Dauphin court ruled that under the circumstances it would be the safest policy for the matter to be again submitted to the electors at the coming election.

Following is the vote on superior court at the September primaries: Orlady, 442,240; Head, 457,950; Williams, 422,684; Hustleton, 248,547; Wallace, 208,519; Palmer, 207,053.

Convincing Proof

A glance at the above figures is convincing proof of the feeling of the masses towards the men aspiring for places on the superior bench. The counts in a large measure at the election next week even a much larger vote will be cast for the men who led at the September balloting. Thousands who favored the other candidates will now turn in for Messrs. Orlady, Head and Williams, realizing as they do that a majority of citizens of Pennsylvania want these men on the superior court bench and that the majority should at all times rule.

Another important thing for voters to remember is that candidates for the superior bench are not in any party column. There is only one way to have a vote for a judge counted, and that is to mark an X opposite the candidate's name in the non-partisan column. The X in a party column is not counted as a vote for a judge. This information should be given wide circulation by all friends and admirers of the three leading aspirants.

Upright Judge

Judge George B. Orlady is a resident of Huntingdon county and has been a superior court judge since the tribunal was created in 1895. He is a man deeply versed in legal lore, is eminently a just and upright judge, and an earnest and sincere gentleman. Judge Orlady is the personification of noble dignity, but at the same time always courteous and mindful of the rights of others. His experience on the bench is in itself enough reason to induce any voter to favor his retention.

All things considered, he has admirable personal qualities to commend him to public opinion. His written decisions are characterized by clearness and strength and beauty of style. Though Judge Orlady is of a retiring disposition, he has given considerable time to public questions outside of the superior court and also in several organizations and associations.

Judge John B. Head is also to go before the people of Pennsylvania for re-election. Feeling assured that he never faltered in a public trust and that his work on the superior bench has been of the highest character. To a party of purpose Judge Head joined the greatest ability and the most eminent legal learning and ability. He has executed the work of his responsible office in a competent manner, and his fellow-judges say of him that he is always ready and willing to sacrifice all personal consideration to onerous duties.

Revered By All

The judicial opinions of Judge Head give evidence of great industry and research in their preparation and of discriminating discernment and understanding of sound legal principles. He is popular among the lawyers of the state and revered not only for his qualifications, but also for numerous fine personal traits. He is a resident of Westmoreland county.

J. Henry Williams, of Philadelphia, to whom the voters of Pennsylvania gave such a flattering vote at the September primaries, will, if elected, assuredly maintain the present high standard of superior court judges in this state. For over thirty-five years he has practiced law in the city of Philadelphia and during that time won a pre-eminent position among his profession in the Quaker City. He is a man of unusual ability and of marked prominence among Philadelphia lawyers.

Strong Argument

There is a strong argument in favor of the election of Mr. Williams by reason of his location. Notwithstanding the fact that over one-third of the cases before the superior court originate in Philadelphia that county has no representation and this has been a big handicap to citizens and lawyers in every section of the state. If Mr. Williams is victorious he will succeed Judge Charles E. Rice, of Wilkes-Barre, who has declined to seek re-election and who heartily favors the election of Williams, as well as the re-election of Judges Orlady and Head. The Republican and Democratic state committees have endorsed Judges Orlady and Head and Mr. Williams.

J. L. BUTT FOR JUDGE**HIS SENSE OF FAIRNESS AND JUSTICE COMMEND HIM**

He has Good Judgment, Legal Ability and Does His Work in the Best Way it Can be Done.

The reasons for our support of J. L. Butt for President Judge of the 51st Judicial District are numerous and most satisfying. He has the ability, the legal acumen, and the character to grace the Bench. His life has been above reproach. He has always been a hard worker and makes a success of the things to which he puts his hands and the assurance that the district will have an able and just judge by his election is in the life he has lived and the things he has done. One of his predominant characteristics is a broad sense of fairness and justice and his many admirers and friends feel that he would go on the Bench to do justice without fear, favor or prejudice.

Mr. Butt comes of the best of native parentage, the Butt and the Deardorff families are among the best families of Franklin township. They have always been held in highest esteem because of their many virtues and the big township of Franklin should roll up an enormous vote for this favorite son.

Mr. Butt has one characteristic that the people can count upon that he will bring to the discharge of his duties. That is initiative. He is never satisfied to do things like some one else, or to do them in the easiest way. He gives himself to the things he does to do them in the best way they can be done. He has had faith in his own judgment and the land of his native country. He didn't buy farms and let them take care of themselves. It was improvement all the time with new methods and new ideas. He has never been afraid of an idea. He believes in doing things better.

There is another predominating characteristic of the man that was recognized from the moment he became a candidate. That is his good sound judgment. This has been shown in his family, in his banking business, and especially in his practice of the law. His judgment has been sought hundreds of times because of its soundness and his ability to look at a proposition from all sides and right through it.

J. L. Butt if elected Judge will not be satisfied in giving less than the best in him and that means that justice will be dispensed with judgment.

MR. BUTT INDORSED.

The "Fulton County Democrat" indorses Mr. Butt, as follows:

In the contest for the non-partisan nomination for Judge of the Court of Common Pleas of Adams and Fulton District there were three candidates and no one received fifty-one per cent of the votes cast, hence the two who received the highest number of votes go on the ballot at the November election. J. Lawrence Butt, Esq., of Gettysburg, received a majority of all the votes cast and had the primary contest based upon a majority of the votes cast, as the election will be determined, Mr. Butt would be our Judge for the next year.

The "Democrat" endorses the nomination of Mr. Butt not only because he received a majority of the votes cast at the primaries but because after careful investigation we find that Mr. Butt is a man of mature years and judgment. He is well qualified for the place and has demonstrated his ability by long years of active practice of the law.

Mr. Butt is not only a lawyer but a business man of high standing, a qualification very essential for one aspiring to such a high position.

We feel it not only a privilege but our duty to support the candidacy of Mr. Butt and in so doing we can assure the voters of all political parties that he will bring to the bench a non-partisan administration of the law and give the people a square deal on every question.

FIGURES USED TO DECEIVE.

A flagrant attempt has been made through McPherson advertisements to deceive the people of Fulton County with the idea that he carried Adams county, and Mr. Butt's ward, declaring both Democratic, and this town "double the normal Republican majority." These figures and statements were presented to show the fitness of Mr. McPherson. Mr. Butt won out in the district by a plurality and because of that fact and the same reasoning he should be elected by a large majority. In the attempt to deceive the people of Fulton, the vote of Mr. McPherson was wholly ignored, and this because the combined vote for Mr. Butt and Mr. McPherson would show a clear majority in the county over Mr. McPherson of 365. If figures are to be the judge of fitness, look at the showing of Mr. McPherson in comparison with that of Congressman Beales in 1914, which refutes the statement of the McPherson advertisement about the First Ward being Democratic and his majority in this town. Congressman Beales receives in the First Ward 250 votes, a majority of 137, while Mr. McPherson only has a plurality of 26 and in the town Mr. Beales has a majority of 334 while Mr. McPherson has a plurality of 123. By this method of reasoning Mr. Butt's fitness and strength is shown by fact that Mr. McPherson is 206 votes behind Mr. Beales.

JUDICIARY TICKET.

First comes the Superior Court Judges. The technicalities of the law seem to have prevented Judges John Benedict Head, George B. Orady and J. Henry Williams from receiving the fruits of their overwhelming victory at the primary and the ticket must be sent to the people again with their names and the names of the three candidates who received much

smaller votes. The voters should support Judges Head, Orady and Williams. They have proven themselves while on the Superior Bench to have been most worthy of the trust confided to them. Of the six nominees for the position there is but one Democrat, Judge John B. Head. The vote of the State at the primary was non-partisan and Judge Head had a very large vote. It is most fitting that Adams county stand by Judge Head. He is a relative of William McSherry, the eminent attorney of this county and it would be most appropriate in this county by reason of this fact that Adams county roll up a handsome majority for Judge Head and his associates Judges Orady and Williams.

DEMOCRATIC YEAR.

This is a Democratic year and the time for every Democrat and every patriotic citizen to support the Democratic ticket. The country has at Washington one of the greatest and wisest of Presidents that has ever occupied the White House. He has guided the Ship of State through the most troublesome waters of a generation. He has done his work with a master's hand. He should have the moral support from the whole country, that when the Democratic party presents a good ticket of the best citizenship, that ticket is supported and elected. A Democratic victory throughout the whole country this year would mean that the country is back of the President, that the enemies of the country would not be able to get comfort or benefit from the lack of the same. Let the voters of Adams resolve to make this a Democratic year.

SOME GOOD ADVICE.

Strengthened by Gettysburg Experiences.

Kidney disease is too dangerous to neglect. At the first sign of backache, headache, dizziness or urinary disorders, you should give the weakened kidneys prompt attention. Eat little meat, take things easier and use a reliable kidney tonic. There's no other kidney medicine so well recommended as Doan's Kidney Pills. Gettysburg people rely on them. Here's one of the many statements from Gettysburg people.

F. G. McCammon, Gettysburg, says: "I first used Doan's Kidney Pills some years ago and I still take them occasionally although I seldom need a kidney medicine. I suffered for quite a while from weak kidneys and a painful back. I tried several remedies and doctored, but with little success until I used Doan's Kidney Pills. They rid me of the pains and aches."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCammon had. Foster Milburn Co., Props., Buffalo, N. Y.

Our Universe.

Simon Newcomb, one of the most eminent mathematicians, wrote:

"Speaking roughly, we have reason from the data so far available to believe that the stars of the Milky way are situated at a distance between 100,000,000 and 200,000,000 times the distance of the sun."

"It is not a chance. It is not even a collection of things, each of which came into existence its own separate way. If it were there could be nothing in common between two widely separated regions of the universe. But, as a matter of fact, science shows unity in the whole structure and diversity only in details."

"The universe, so far as we can see it, is a bounded whole. It is surrounded by an immense girdle of stars, which to our vision appears as the Milky way. While we cannot set exact limits to its distance we may yet confidently say that it is bounded."

When a Man Marries.

His bachelor friends are about equally divided in thinking that he is a nut or a mighty fortunate gink.

His wife's relatives plan to visit them during the court fair or the automobile show.

His own relatives plan to give his wife a good talking to if she proves to be extravagant.

His neighbors hope that he will prove to be a good hand at bridge and that his wife will throw as many teas as the rest of them.

His boss wonders how he can do it on the salary he is getting, but does not increase it.

His wife wonders why it is that a little house takes so much time to look after.

While a man himself is so excited all the time that he nearly loses his job—and doesn't realize it.—Indianapolis Star.

Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, That the following is proposed as an amendment to the Constitution of the Commonwealth of Pennsylvania, in accordance with the provisions of the eighteenth article thereof:

Amend section eight, article nine of the Constitution of the Commonwealth of Pennsylvania, which reads as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation, without the consent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which now exceeds seven per centum of such assessed valuation, may be authorized by law to increase the same three per centum, in the aggregate, at any one time, upon such valuation, except that any debt or debts hereinafter incurred by the city and county of Philadelphia for the construction and development of subways for transit purposes, or for the construction of wharves and docks, or the reclamation of land to be used in the construction of a system of wharves and docks, as public improvements, owned or to be owned by said city and county of Philadelphia, and which shall yield to the city and county of Philadelphia current net revenues in excess of the interest on said debt, and the annual installments necessary for the cancellation of said debt or debts, may be excluded in ascertaining the power of the city and county of Philadelphia to become otherwise indebted: Provided, That a sinking fund for their cancellation shall be established and maintained," so that it shall read as follows:

"Section 8. The debt of any county, city, borough, township, school district, or other municipality or incorporated district, except as herein provided, shall never exceed seven per centum upon the assessed value of the taxable property therein, nor shall any such municipality or district incur any new debt, or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property, without the consent of the electors thereof at a public election in such manner as shall be provided by law; but any city, the debt of which on the first day of January, one thousand eight hundred and seventy-four, exceeded seven per centum of such assessed valuation, and has not since been reduced to less than such per centum, may be authorized by law to increase the same three per centum in the aggregate, at any one time, upon such valuation. The city of Philadelphia, upon the conditions hereinafter set forth, may increase its indebtedness to the extent of three per centum in excess of seven per centum upon such assessed valuation for the specific purpose of providing for all or any of the following purposes: to wit: For the construction and improvement of subways, tunnels, railways, elevated railways, and other transit facilities; for the construction and improvement of wharves and docks and for the reclamation of land to be used in the construction of wharves and docks, owned or to be owned by said city and county of Philadelphia, at any time, there shall be excluded from the calculation a credit, where the work resulting from any previous expenditure, for any one or more of the specific purposes hereinafter enumerated, shall be yielding to said city an annual current net revenue; the amount of which credit shall be ascertained by capitalizing the annual net

AMENDMENT.

Laws may be passed providing for a system of registering, transferring, insuring of and guaranteeing land titles by the State, or by the counties thereof, and for settling and determining adverse or other claims to and interest in lands titles to which are so registered, transferred, insured, and guaranteed, and for the creation and collection of indemnity funds; and for carrying the system and powers hereby provided for into effect by such existing courts as may be designated by the Legislature, and by the establishment of such new courts as may be deemed necessary. In matters arising in and under the operation of such system, judicial powers, with right of appeal, may be conferred by the Legislature upon county recorders and upon other officers by it designated. revenue during the year immediately preceding the time of such ascertainment. Such capitalization shall be accomplished by ascertaining the principal amount which would yield such annual, current net revenue, at the average rate of interest upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The method of determining such amount, so to be excluded or allowed as a credit, may be prescribed by the General Assembly.

In incurring indebtedness, for any one or more of said purposes of construction, improvement, or reclamation, the city of Philadelphia may issue its obligations payable upon the indebtedness incurred by said city for such purposes, up to the time of such ascertainment. The performance of Mr. D. P. McPherson's campaign of riding two horses, wet and dry, is not only acrobatic but characteristic. It parallels a former performance of riding the two horses Anti-Quay into office and for Quay afterwards. Trying to leave the home people under the impression of being a little better than the bosses Quay and Penrose but always giving the same bosses his vote when they needed it for U. S. Senator, as he did Quay in 1901 and Penrose in 1903.

DRY GOODS DEPARTMENT STORE

G. W. Weaver & Son

THESE October days are the days of fruitfulness of well laid plans, the results being a store stocked with desirable merchandise as never before, and which in every instance is the best of its kind and with more arriving every day from plans made months ago. They are also days of joy to us because of the eager demand and the pleasure of serving that this stock of ours offers. No stock outside of a Metropolitan center offers better assortments or better values. We make this a letter telling especially of Ready-to-Wear Goods, but every department is equally as well stocked and as interesting as this.

A VERY INTERESTING EXHIBIT OF TAILORED : SUITS : and : COATS

In which we show exceptional assortments this Fall. The store that sells Wooltex---measures all its Ready-to-Wear lines by the Wooltex Standard---for instance Suits at \$9.75, 12.00, 15.00 or Coats at \$5.00, 7.50, or 10.00 must be as carefully made, as stylishly cut as to lines &c. as the best of Wooltex or it cannot pass into our stock.

COATS

We have the Suits that will fit your style---We are not showing any freak styles.

There's a wealth of correct style ideas, many of them entirely new, embraced in the great variety of models.

No other time this season will bring you such an opportunity for choosing your fall suit with perfect satisfaction.

Choose from suits of broadcloth, gabardine, whipcord, wool poplin, serge or mixtures in the season's most fashionable colors. Many suits are fur trimmed.

These suits are not ordinary suits, either in style or quality of materials and character of tailoring. Their pure wool and pure silk fabrics insure service. The perfection of tailoring insures shapely garments as long as they last.

Among the leaders of the many Wooltex styles are the special Winningham suits. A splendid variety of sizes and colors.

Suits at \$9.75 to \$32.50

Coats for the Miss or Small Woman, for all purposes, of Corduroys in all colors and mixtures, Plush, Broadtail and Pony Skia. Fur Cloth, Fancy Mixtures in such variety of cut, grades, &c. as to suit all fancies and your ideas of cost. In many instances at less than you'd expect.

for girls with shoe top skirts.

The Junior size coats fill in a want for the growing girl who needs a coat longer than those that come in Childrens sizes 12 and 14 and yet not so long and mature as those that come under the Misses sizes 14 to 18. We are showing such a splendid assortment that we have a coat for every Miss in just the style that will be most becoming and in the fabric that she will like best and at her price.

Concrete Fence Posts Never Wear Out

Concrete fence posts are superior to wooden posts from every standpoint.

Wooden posts are at best but temporary and decay within a few years.

Concrete posts are indestructible, keep in better alignment than wooden posts, and cost little more, if as much, as the latter.

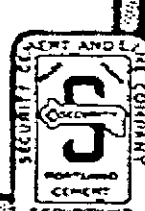

They are fireproof and very easily made.

Why not turn the long winter days to advantage and make your own concrete posts? Write for our free bulletin on this subject—it's free.

VOTE FOR J. L. BUTT FOR JUDGE

Remember voters.
Who is the candidate for Judge who said he would do his duty?
J. L. Butt.
Who is the candidate who has conducted from start to finish a clean, square campaign?
J. L. Butt.
Who is the candidate of the farmers and farmers' sons?
J. L. Butt.
Who is the candidate who has helped the farmers of Adams county by bridging up farms, stock and orchards with better methods?
J. L. Butt.
Who is the candidate who has always been ready to help others along many lines of activity?
J. L. Butt.
Then help him now with your vote.
Who is the candidate of the largest experience, with an Orphans' Court practice twice that of his opponent and a Common Pleas Court practice three times larger than his opponent?
J. L. Butt.
Who is the candidate who filed a square statement of his expenses at the primary election?
J. L. Butt.
Who is the candidate the opposition vilified and abused?
J. L. Butt.
They were so ashamed of their performance that they did not say a word about the judgment in the "Star" for ten days after the primary.
Mr. Butt's candidacy is one to attract support from the voters can relish in putting the stamp of their approval upon.
J. L. Butt has been a good neighbor, a good farmer, a good citizen, and a good lawyer. He will make a good Judge.
Vote for J. L. Butt.

CAT OUT OF THE BAG.

The "Star" in its issue of October 27 let the cat out of the bag. J. L. Butt is a Democrat and D. P. McPherson a Republican. A Fulton county citizen has aptly covered that phase in the following letter in this week's "Fulton Democrat":
Husontown, Pa., Oct. 23, 1915.
Dear Democrats:
As the time of election draws near, and the opposing forces are lining up, I hope a few words from me will not be considered amiss.
In regard to the judicial contest men may cry non-partisan as much as they please, but the McPherson campaign of hypocritical misrepresentation and vilification has made it intensely partisan and every Democrat with red blood in his veins should vote and work for J. L. Butt who typifies straightforward sincerity and manly courage as opposed to hypocrisy and puritanism.
A few evenings ago I was interviewed by Mr. C. W. Bucher of Adams county, formerly Democratic County Chairman of that county, but retired from that position (for incompetency, I suppose). Mr. Bucher seems to have a bad grudge against the Democratic leadership in Adams county hence he, an ex-Democratic County Chairman, is traveling in the interest of Mr. McPherson (at so much per. I suppose) and spreading and aiding the McPherson campaign of misrepresentation, vilification and falsehood, or, to make it a little plainer, lies. He had the sublime impudence to tell me that all the better element of the people in the district were supporting Mr. McPherson. If his eloquence were equal to his impudence he would be a power in the field.
Democrats I call on you to rise and rebuke this tinier-shyster from Adams county by giving Mr. Butt a rousing majority in the county and an overwhelming victory in the district.
In conclusion let me urge you each and all to get out every Democrat and vote and work for the whole Democratic ticket and a glorious victory and a tremendous majority will be the result. Hoping that these words from a life-long, hard-working Democrat will be received and acted on in the same spirit in which they are given, I am,
Respectfully,
CLEM CHESTNUT.

OFFICE HOLDING RECORD.

The McPherson record of holding office is a matter for the consideration of the voters. Hon. Edward McPherson, father of Hon. D. P. McPherson, was elected to Congress in 1858 and re-elected in 1860. Defeated in 1862 he was appointed Deputy Commissioner of internal revenue until in December 1863 he was elected Clerk of the House of Representatives, serving in this capacity through seven Congresses or 14 years. His was the longest service in that post of clerk from the beginning of the government. He was Chief of the Bureau of Engraving and Printing under President Hayes. Altogether Hon. Edward McPherson, father of Hon. D. P. McPherson, held office for a period of 23 years, drawing in that time a total of salary in excess of \$100,000. The wealth of the McPherson family is largely the

accumulation of salaries of office holding. Hon. D. P. McPherson has added to the 23 years of his father six on his own account, two as an Assemblyman and four as a State Senator, a total service of father and son of 29 years and the voters are now asked to add ten more years, a total of 39 years and \$60,000 more of salary. On the other hand for three generations not a single member of the immediate ancestors of Mr. J. L. Butt has held office or drawn the salary of an office. A remarkable fact worthy of consideration of the voters.

BABY ACT.

The act of J. Donald Swope in bringing action of libel because of allegation in a letter sent out by some farmers five Democrats and four Republicans in the interest of J. L. Butt is ridiculous. There was no libel in what was said, the action is utterly without foundation. It is the baby act of a beaten political game. In addition it is an attempt to throw dust to deceive people. Mr. Swope's name was not mentioned in the letter and he would play the self-sacrificing role of something-or-other of one who has been hit. He is realizing perhaps in advance how the voters are going to hit the two-faced campaign of Mr. McPherson in favor of the fair, square, campaign of Mr. Butt. Realizing what's coming he goes vent to the boo hoo baby act.
To cast your ballot for J. L. Butt, the Superior Court Judges and the Associate Judges, the voter must make a cross (X) opposite the candidate voted for.
Vote the Democratic ticket and vote it straight.

FOR ASSOCIATE JUDGE, W. HOWARD DICKS, Of Reading Township.

ASSOCIATE JUDGES.

Hon. W. Howard Dicks is one of the best citizens living in that strong Democratic township, old Reading. Judge Dicks has endeared himself to a vast number of people, young and old as the genial host at Dicks', along the Conowago. Hundreds of people go there every year and he is there with his friendly greeting and always ready to do a good turn and no appeal made to him is ever turned down. He has devoted friends all over the county. The course of Judge Dicks on the Bench has been eminently satisfactory. He has always conducted himself to preserve the dignity of the Bench and respect of the people for the Bench. He is a man of the simplest habits and enjoys a character above reproach. It should be a source of gratification to all the voters to give Judge Dicks their vote and support.
Edward P. Miller of Gettysburg is eminently qualified for the position of Associate Judge. He lived many years in Abbottstown engaged in store keeping. He was postmaster of that town under President Cleveland. Mr. Miller moved to Gettysburg to enter the Gettysburg Department Store as manager of one of its departments and after giving several years to this work accepted a position with the Reaser Furniture Company where his efficiency and ability has been most helpful. Mr. Miller has won a host of friends by his many admirable qualities of heart and mind. He is always interested in work for the community's welfare. He gives himself enthusiastically to everything he undertakes. He was president for several years of the Adams County Sunday School Association having a membership over thirteen thousand in the county. Mr. Miller could always be depended

upon of his party and a delegate many times and time and time again has hoped to roll up a big majority in Union township for others. Now is the time to send him into the Sheriff's office with a good majority. He is well qualified for the position and would make an estimable and faithful official.

FOR CLERK OF THE COURTS, W. D. SHEELY, Of Littlestown.

CLERK OF THE COURT.

W. David Sheely, Democratic candidate for Clerk of the Courts was born in Union township in 1867, and has resided in Littlestown many years. His early life was spent in working on a farm and attending public school. He also attended select schools in Littlestown and Abbottstown. He began teaching at the age of nineteen and his continued in that profession to the present time with the exception of two years while employed as clerk in a store. He holds a permanent certificate and has taught in both graded and rural schools. Mr. Sheely is at present serving his 18th year as assessor in Littlestown, having been first elected in the spring of 1898 just one year after moving into the borough and re-elected each succeeding term, the last three times without opposition. Mr. Sheely is an excellent penman, a word of the office to which he aspires. Only good and kind words are said of Mr. Sheely by his neighbors and those who know him best. Well fitted for the position he will make an efficient and faithful officer.

FOR REGISTER AND RECORDER, WM. J. CHRISMER, Of Mt. Pleasant Township.

REGISTER AND RECORDER.

Wm. J. Chrismer, the Democratic candidate for the office of Register and Recorder belongs to that big Democratic township of Mt. Pleasant where he has lived many years and has been a successful farmer. The family lived in Gettysburg a number of years before moving to Mt. Pleasant township, he following the occupation of a baker here. Mr. Chrismer has always taken an active interest in the welfare of his township having been a school director for years and giving faithful service to the cause of the schools. He is well and favorably known throughout the county as a director of the Mummansburg Mutual Fire Insurance Company and has a host of friends who have only words of praise for him.
There is a special reason why every Democrat and lover of fair play should give Mr. Chrismer his vote and support. Four years ago the Democrats named the Register and Recorder. Death claimed the incumbent when half of the term had expired. In all fairness a Democrat should have been named for the unfilled time and one who would have made concessions to the widow of the man who had been elected to the office. The Republican Machine of the county with a Governor to do its will, filed the position. The office for two years has not been filled by a Democrat notwithstanding the will of the majority expressed four years ago and the Democratic voters should see to it that Mr. Chrismer receives the position the Republican Machine took from the party.

FOR COUNTY TREASURER, E. P. WISOTZKEY, Of Gettysburg.

COUNTY TREASURER.

E. P. Wisotzkey, Democratic candidate for County Treasurer, was born in Gettysburg in 1847 and is one of our very own people. He served as a councilman for three terms, has been a member of the Gettysburg Volunteer Fire Company for 27 years, was chief of the company for 15 years, and now is Fire Marshal by appointment of the Town Council. All these positions are without pay but were filled faithfully and with marked ability. Mr. Wisotzkey's clear head and helping hand has helped to save this town many a time from the fire fiend. He has always been an ardent Democrat working for the interests of his party. Mr. Wisotzkey has a clean record as a citizen and enjoys the highest character for honesty and probity. He would give faithful and

conscientious service in the office of County Treasurer. He has always given the fair, square deal and now deserves and should have from the party and all voters the fair square deal.

FOR COUNTY COMMISSIONER, HARRY J. MARCH, Of East Berlin.

He has maintained a most enviable reputation for honesty and fair dealing, as he has never had a law suit in his business because he has always dealt fairly and squarely with the people. He has been an earnest Democrat working for the party's interest. As a successful business man, thorough and careful, a man of excellent judgment and of pleasing personality he is the type of man to take good care of the business interests of the county and give faithful service.
